

Freight Train - Fred Eaglesmith

Bluegrass Contemporary, Key of **C** My Key: ____

Well I **6m** just came down from Chippewa
I-had-a **4** station wagon and a hundred dollars
5 Thinkin' 'bout, the girl I'd lost a **6m** year before
Well I **6m** hadn't seen her for some time
I **4** thought that I might go on by
When-your **5** memory, came floodin' in and **6m** closed that door

CHORUS:

Wish I was a, **6m** freight train baby, wish I was a **4** diesel locomotive
I'd come **5** whistlin' down your track, come **6m** crashin' in your door
Wish I was a, **6m** freight train baby, wish I didn't, **4** have a heart
And you'd need, a **5** shovel for the coal, **6m** just to get me started
Wish I was a, **6m** freight train baby, wish I was a, **3** freight train,,
6m Every time I talk to you, and I **4** hear your jealous lies
I-feel like **5** I've been left abandoned, on some **6m** old railway side
And **6m** every time I hear your voice, my **4** water just gets cold
My **5** stoker will not stoke, and my **6m** boiler will not boil

CHORUS

INSTRUMENTAL: **6m** , **4** , **5** , **6m** , **6m** , **4** , **5** , **6m**

6m Every time I fell behind, and I **4** could not get ahead
I-wish some- **5** one would pull the lever, and give **6m** me a little sand
And **6m** every time I slip behind, **4** even further back I wish
Some **5** switchman would come out-of-the fog and
6m change, my track

CHORUS
