

It is with heavy hearts, that we have decided, to cancel
Bluegrass In The Country 2020.

This is the time, when our committee goes around the Island and the North Shore to local businesses to gather sponsorship of our show. Without their financial support, this show cannot survive. At this moment, our sponsors are in a time of uncertainty.

We have decided to support them instead of asking for their support.
We are asking folks on the Island to please support our local businesses even more so during the coming season.

Tickets that were purchased will be honoured at Bluegrass in the Country 2021.
If you have any questions or concerns please contact Brother John at (705) 677-5341

Thank You for all past and future support of our main fundraiser for Manitoulin Special Olympics.
