

# Shadows In My Room - Hot Rize

Bluegrass Contemporary, Key of **G** My Key: \_\_\_\_

**INTRO:** **1** , **1** , **4** , **1** , **4** , **5** , **1** , **1**

Day- **1** light, I'm doing fine

Though you're **4** gone, honey I don't **1** mind

But when the sun goes **4** down, I'm all a- **5** lone

With the shadows in my **1** room

Gone is the **1** life, I knew so well, in its **4** place, I feel your **1** spell

Well-they were always **4** here, but I never **5** felt

Those shadows in my **1** room

**REFRAIN:** I **4** hear a voice, **1** softly call, I **4** listen but it's **1** gone

It's **4** then the feelings **1** I recall

When you were **5** mine, and mine alone

**CHORUS:** I think I'd **1** go, away from here

Leave this **4** house, with all my **1** past

Someone **4** new, and I might **5** lose

These shadows in my **1** room

**INSTRUMENTAL:** Same as **INTRO**

Maybe to- **1** night, things will change

All a- **4** lone, won't seem so **1** strange

And-though I **4** try, I just can't **5** hide, from shadows in my **1** room

So to- **4** night I'm gonna **1** go out

Gonna **4** change my point of **1** view

I'm not **4** lookin' for an- **1** other, just to **5** free, myself from you

**CHORUS** except "**Somewhere**" instead of "**Someone**"

**INSTRUMENTAL / REFRAIN**

**CHORUS** except "**Somewhere**" instead of "**Someone**"

Someone **4** new, and I might **5** lose

These shadows in my **1** room,
