

Drinkin' Dark Whiskey - Steeldrivers

Bluegrass Contemporary, 2008, Key of **A** My Key: ____

CHORUS:

Drinkin' dark **1** whiskey, tellin' white lies
One leads to an- **1** other, on a Saturday **5** night
And don't-you cross your **4** heart
Unless-you hope to **1** die
Drinkin' dark **1** whiskey, **5** tellin' white, **1** lies

The **1** first drop burns, but the second one goes down smooth
And **4** then that, ol' Black Label gets a-hold of **1** you
It'll **5** loosen your tongue, but it don't-ever tell the **1** truth

CHORUS

INSTRUMENTAL: **1** , **1** , **4** , **1** , **5** , **1**

When the **1** bottle's talkin', be-careful what-he might say
He **4** talks in the dark, like he never would, in the day
Then he **5** gets in trouble, just as soon as he gets, his **1** way

CHORUS / INSTRUMENTAL

A **1** little white lie, don't mean anyone no good
When it's **4** makin' the rounds, all-over the neighbor- **1** hood
Next **5** thing you know, you're-all misunder- **1** stood

CHORUS

4 , Drinkin' dark **1** whiskey, **5** tellin' white, **1** lies
